SENSES

Grishko®

“Every ballerina

is a woman in the first place: bright, deep, strong, sexy and tender. I wanted to create an apparel that will make a dancer even more beautiful, underlining only the best”.

**ANNA
TIKHOMIROVA**
the Bolshoi Ballet first soloist,
GRISHKO® brand-ambassador,
the muse of collection.

Two roles —

Katarina, from “The Taming of the Shrew”, and Olga from “Eugene Onegin”, became the source of inspiration for this collection

This choice is made not coincidentally — being at the different ends of the universe, they imbibe the whole gamut of colors that woman expresses herself.

Ballet aesthetic has long story and its own, inimitable charm and character. Being inspired by the lines of costumes for brilliant Margot Fonteyn, we reconsidered the classic heritage to bring modern spirit, fresh look and renewed form into it.

Seems simple silhouettes are refined up to millimetre, all lines, seams and details are devoted to underline a ballerina’s beauty, lift her up to the new level of self-confidence and support her during rehearsals for any role.

Bolshoi stars. SENSES collection includes leotards, airy boleros, classic and new skirts with vents. It’s a challenge to create a perfect wardrobe for ballerinas, as each role requires certain colors, form and accessories, but working with one of the leading ballerinas of the Bolshoi Theatre, we were able to consider all the range, needed to create totally different characters both during rehearsals, on stage or at shootings.

To be tender,

as a breath of wind, fragile and slim, as a flower at the sunrise — is easy in tiffany, cream, coffee and ice blue colors.

Smooth lines of leotards beautifully underline the long neck, delicately open the back and make the figure visually slimmer. Soft boleros made of translucent stockinet with flower print help to refresh any outfit and create a romantic look.

Elegant forms of cuts, delicate transparent mesh details in addition to vertical model seams create an image of ethereal beauty literally drawn with aquarelle by experienced artist.

To embody energy,

passion, power on stage is possible for everyone, especially when velour, lace and mesh help to feel magnificent.

Modern breathable fabrics of deep, sophisticated colors — black, olive, medium taupe combined with distinguished fit underline perfect shapes of a ballerina.

The unusual styles of leotards eliciting associations with stunning couture bustier dresses. Naked shoulders, delicately covered with mesh with flock, elegant cuts on the back, moderate and incredibly attractive for that reason — everything is working to make you feel like a queen at rehearsal and easily externalize after on the stage dangerous, fatal, gorgeous and inapproachable.
