SHOES &  
ACCESSORIES

# WHAT'S NEW

**3** We improved our “3 Steps To A Dream” pre-pointe offerings — perhaps you had the opportunity to try them already at our fitting events, but now we collected all the feedback from dancers and teachers and now we present to you our updated system to strengthen the feet and prepare to go en pointe.

**N** We added a new width for very narrow feet — N. The N width is available for pointe shoes based on 2007 last: 3007, 2007, Miracle, Nova, Exam, Novice, and Alice at the regular price.

**R** StreamPointe, the style known for its pliability, had the R (Reinforced) added to it's shank options. Now dancers preferring this style can have more support, enough for advanced en pointe elements.

**F** Victory pointe shoes had F (Flex) added to it's shank options. Now dancers preferring this shoe can have more flexibility. We are constantly redefining our pointe shoe system to ensure dancers have what works the best for them.

# NEW MODEL

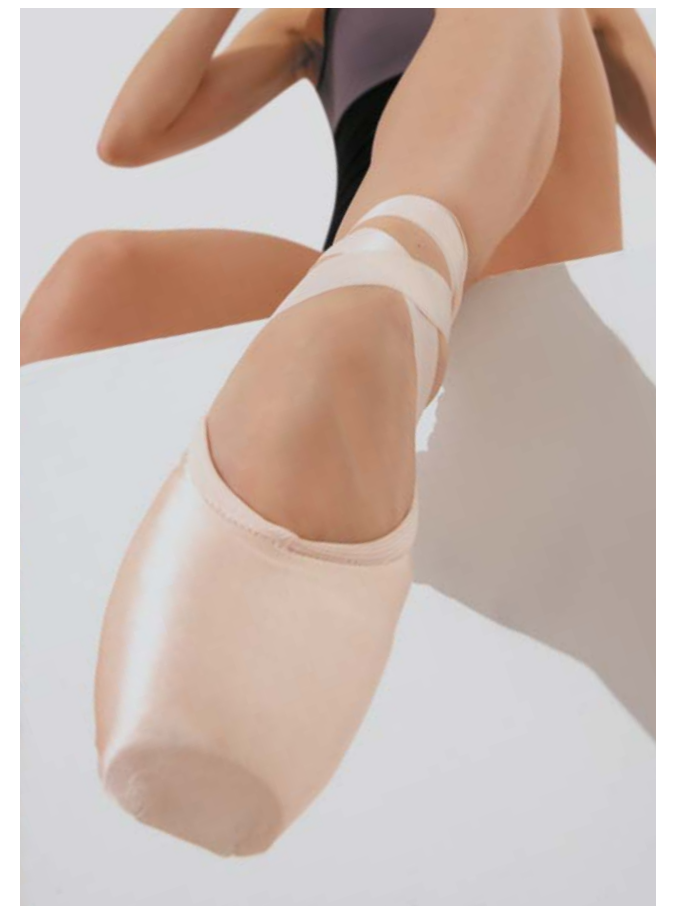

Introducing the StarPointe, our newest pointe shoe model. StarPointe is part of our Innovative Shank Construction collection. For further details, look at our pointe shoes made on the SmartPointe last.

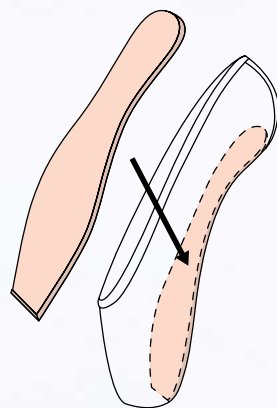

# POINTE SHOES

GRISHKO® offers the widest variety of pointe shoes on the market. The number of stock model variations (model, shank, size, width, strength) exceeds 20 000, and this number doesn't include the additional technologies, colors, and individual orders with different adjustments!

Often dancers use one particular model of pointe shoes in different shanks depending on the performances they will partake in. And sometimes, they require slight adjustments to their stock model. To make this easier for our customers, we have added a number of technologies and options to fully customize fit, look and even the function of the pointe shoe.

## CLASSIC SHANK CONSTRUCTION

Unique fully hand crafted production based on all natural materials. The variable shank strengths and breakdown during the lifespan of the shoe keep ones foot well trained and help to prevent injuries.

## CLASSIC, BUT DIFFERENT

**CLASSIC**  
Classic strong shank preferred by professionals. Good for advanced en-pointe elements.

**EASY ROLL-THROUGH**  
Easier roll-through demi-pointe to an en-pointe position for extra articulation of the metatarsal.

**READY-TO-WEAR**

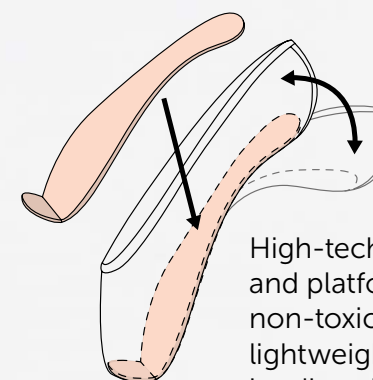

**FLEX**  
Flexible shank, preferable for demi-pointe elements and contemporary in addition to classic en-pointe elements.

**READY-TO-WEAR**

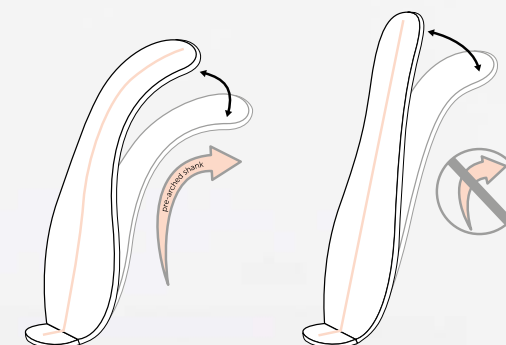

## INNOVATIVE SHANK CONSTRUCTION

Flexible and supportive shanks suitable for any technique level. Long lasting performance.

High-tech cast-in insole and platform, made of non-toxic thermoformable lightweight material, is adjustable to any foot arch and muscle strength.

Unique construction using high-tech materials provides longer life span.

## READY-TO-WEAR

Do not hammer

Soften the box with fingers

Do not break the shank

**ATTENTION!**  
**INNOVATIVE POINTE SHOE MODELS ARE READY-TO-WEAR.**  
**BREAKING IN THE SHANK WILL CAUSE DAMAGE OF THE SHOES.**

# HOW TO CHOOSE

The fitter should first choose the last according to the foot shape and toe configuration. And next, consider box, platform, vamp and other features.

GRISHKO® offers the widest variety of stock models to fit any foot.

Our pointe shoes are based on 4 different lasts (forms): 2007, Fouette, SmartPointe and Victory. Each last is designed to suit a particular foot and toe shape configuration. It is important to feature all four lasts for the perfect fitting experience.

\*The above chart is recommended, but non-regulatory. Sometimes the best suitable pair is based on compression and development of the dancer's foot. And can be found within different GRISHKO® models.

# TECHNOLOGY

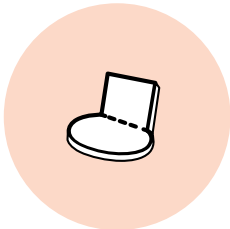

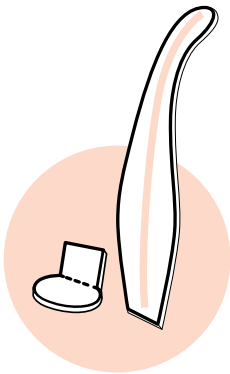

## PRO

## SILENCE

Innovative damping compound of "Silent knot" technology eliminates the sound of pointe shoes on any surface.

- PRO technology in machine-stitched models (Maya I, 3007, Nova, etc.) is a combination of "Silent knot" and silent insole. The insole is made of sound absorbing material, which feels slightly softer compared to classic construction.
- PRO in hand-stitched models (Fouette, Triumph): with "Silent knot" has no changes to the shank flexibility.

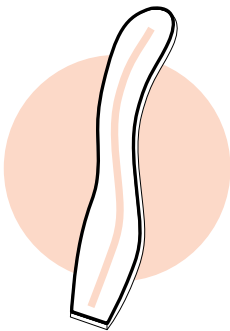

## FLEX

## FLEXIBILITY

- Flexible shank feels like ready-to wear, as it adapts to the arch.
- Easier to bend the shank.
- Additional comfort during roll-through to demi-pointe and en-pointe.
- Suitable for all levels from beginners to professionals. Flex shanks are often used as first pointe shoes after the demi-pointe shoes. Please, ensure you take into consideration the dancer's arch and strength.

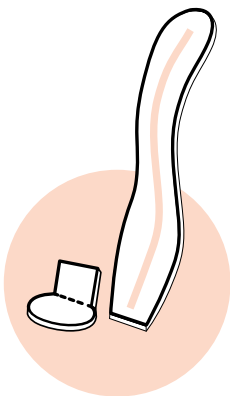

## PRO FLEX

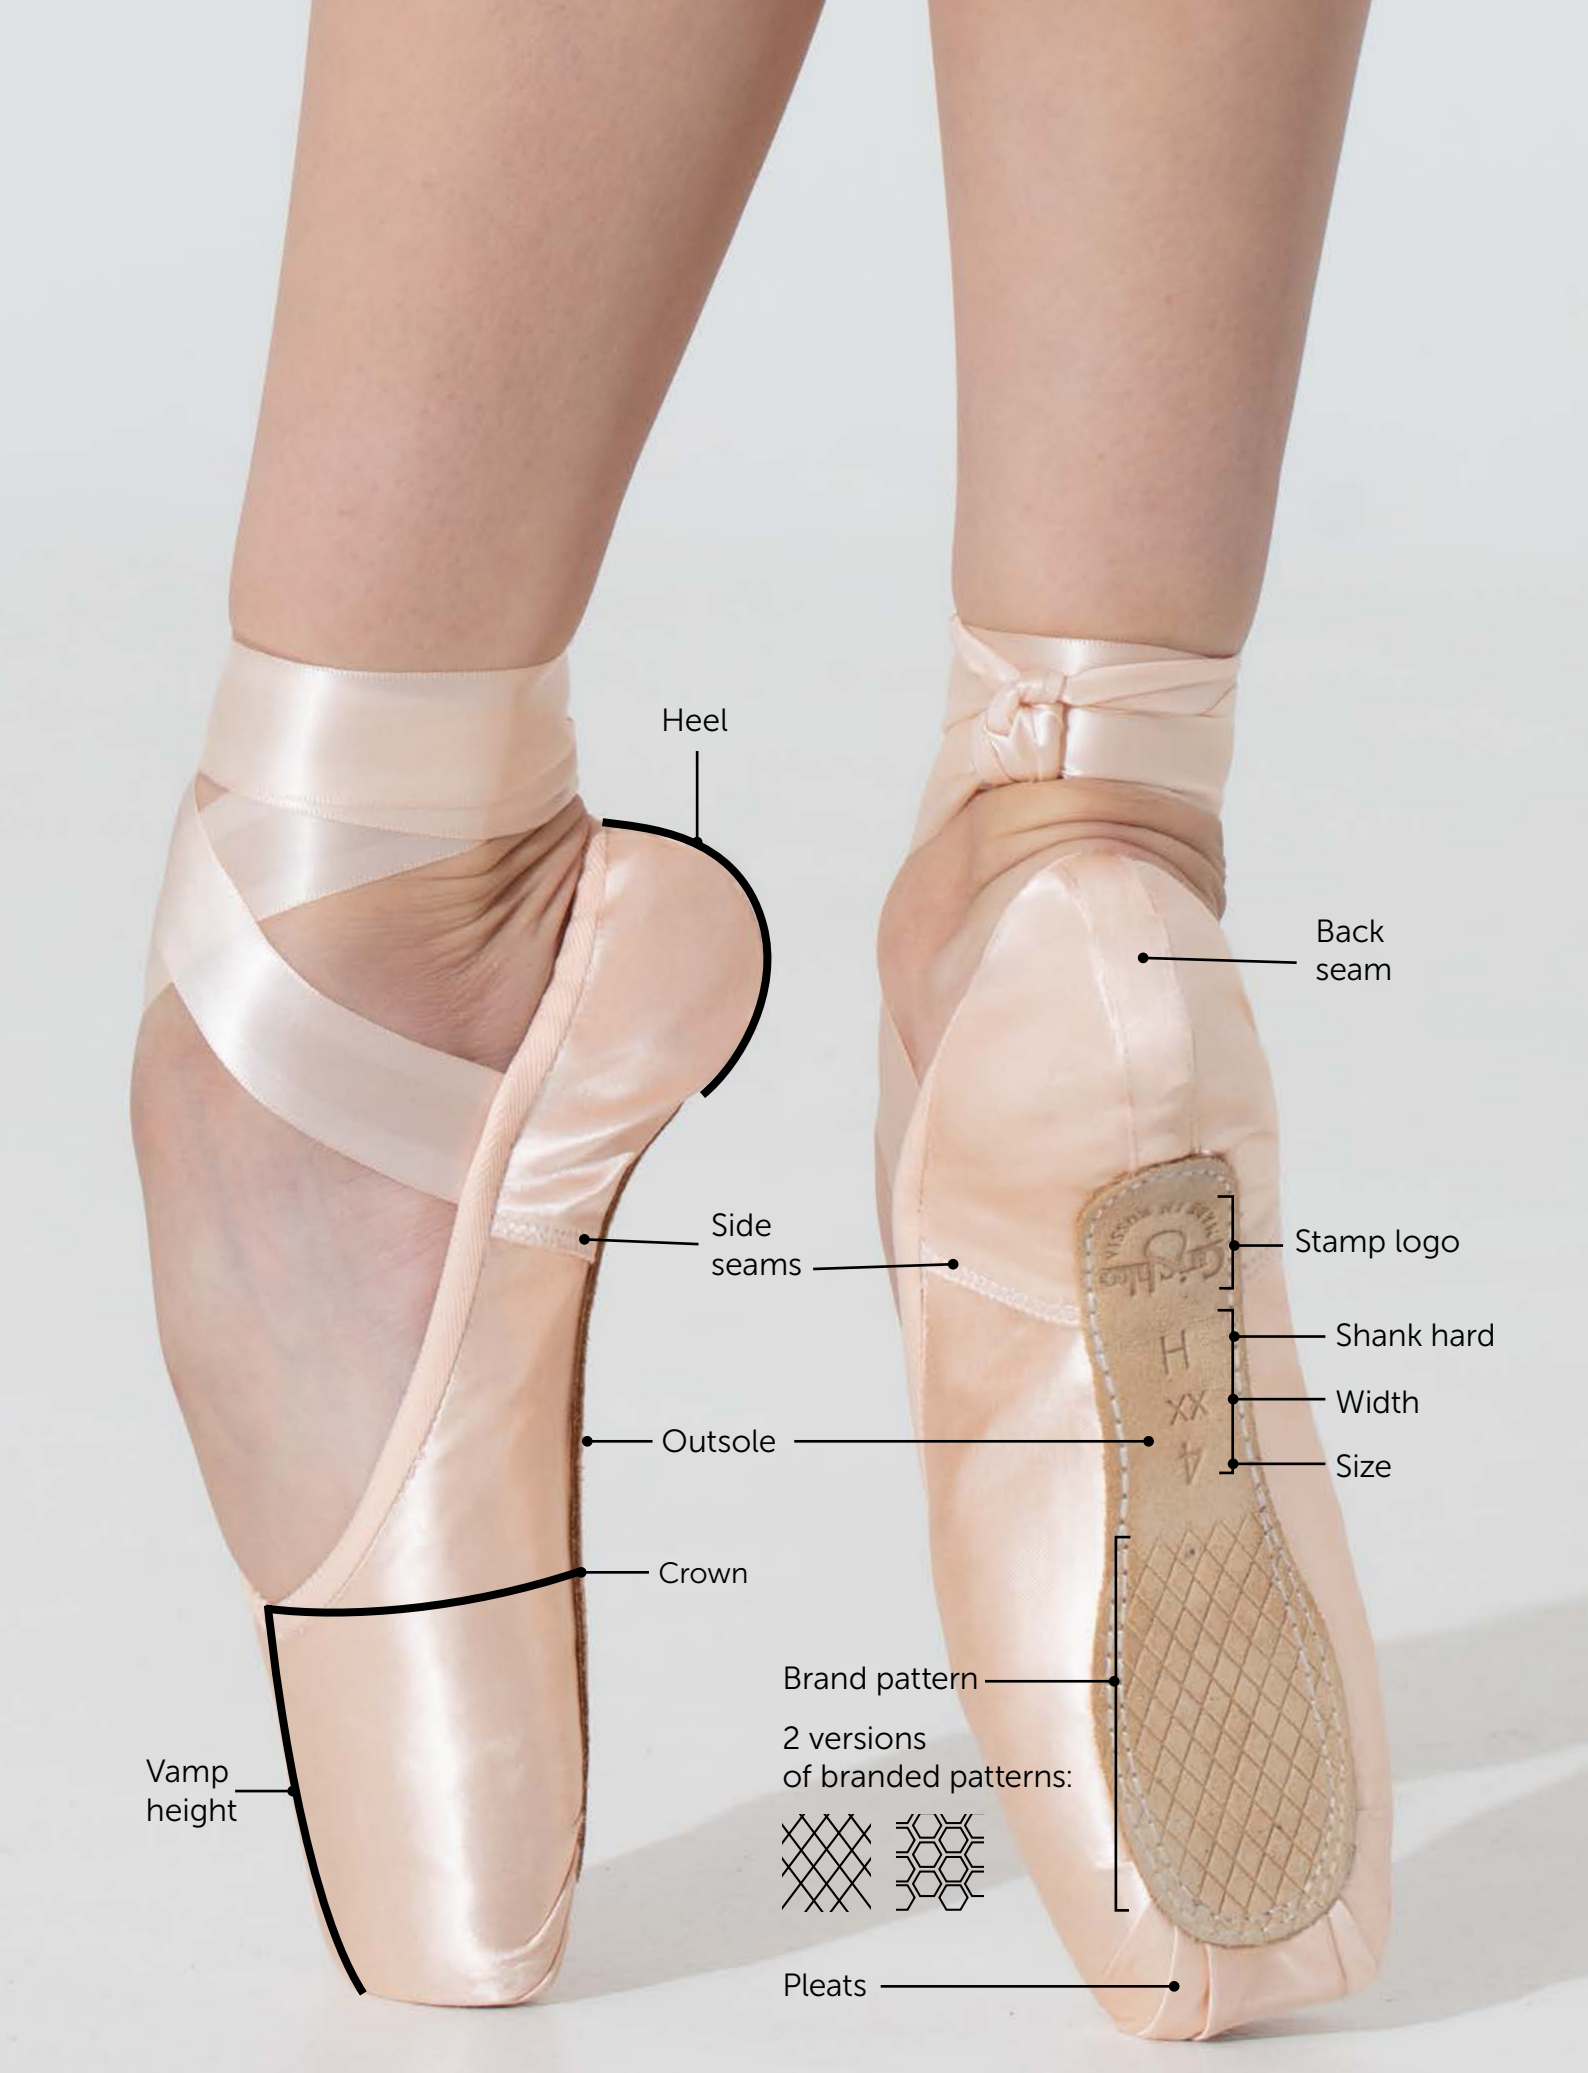

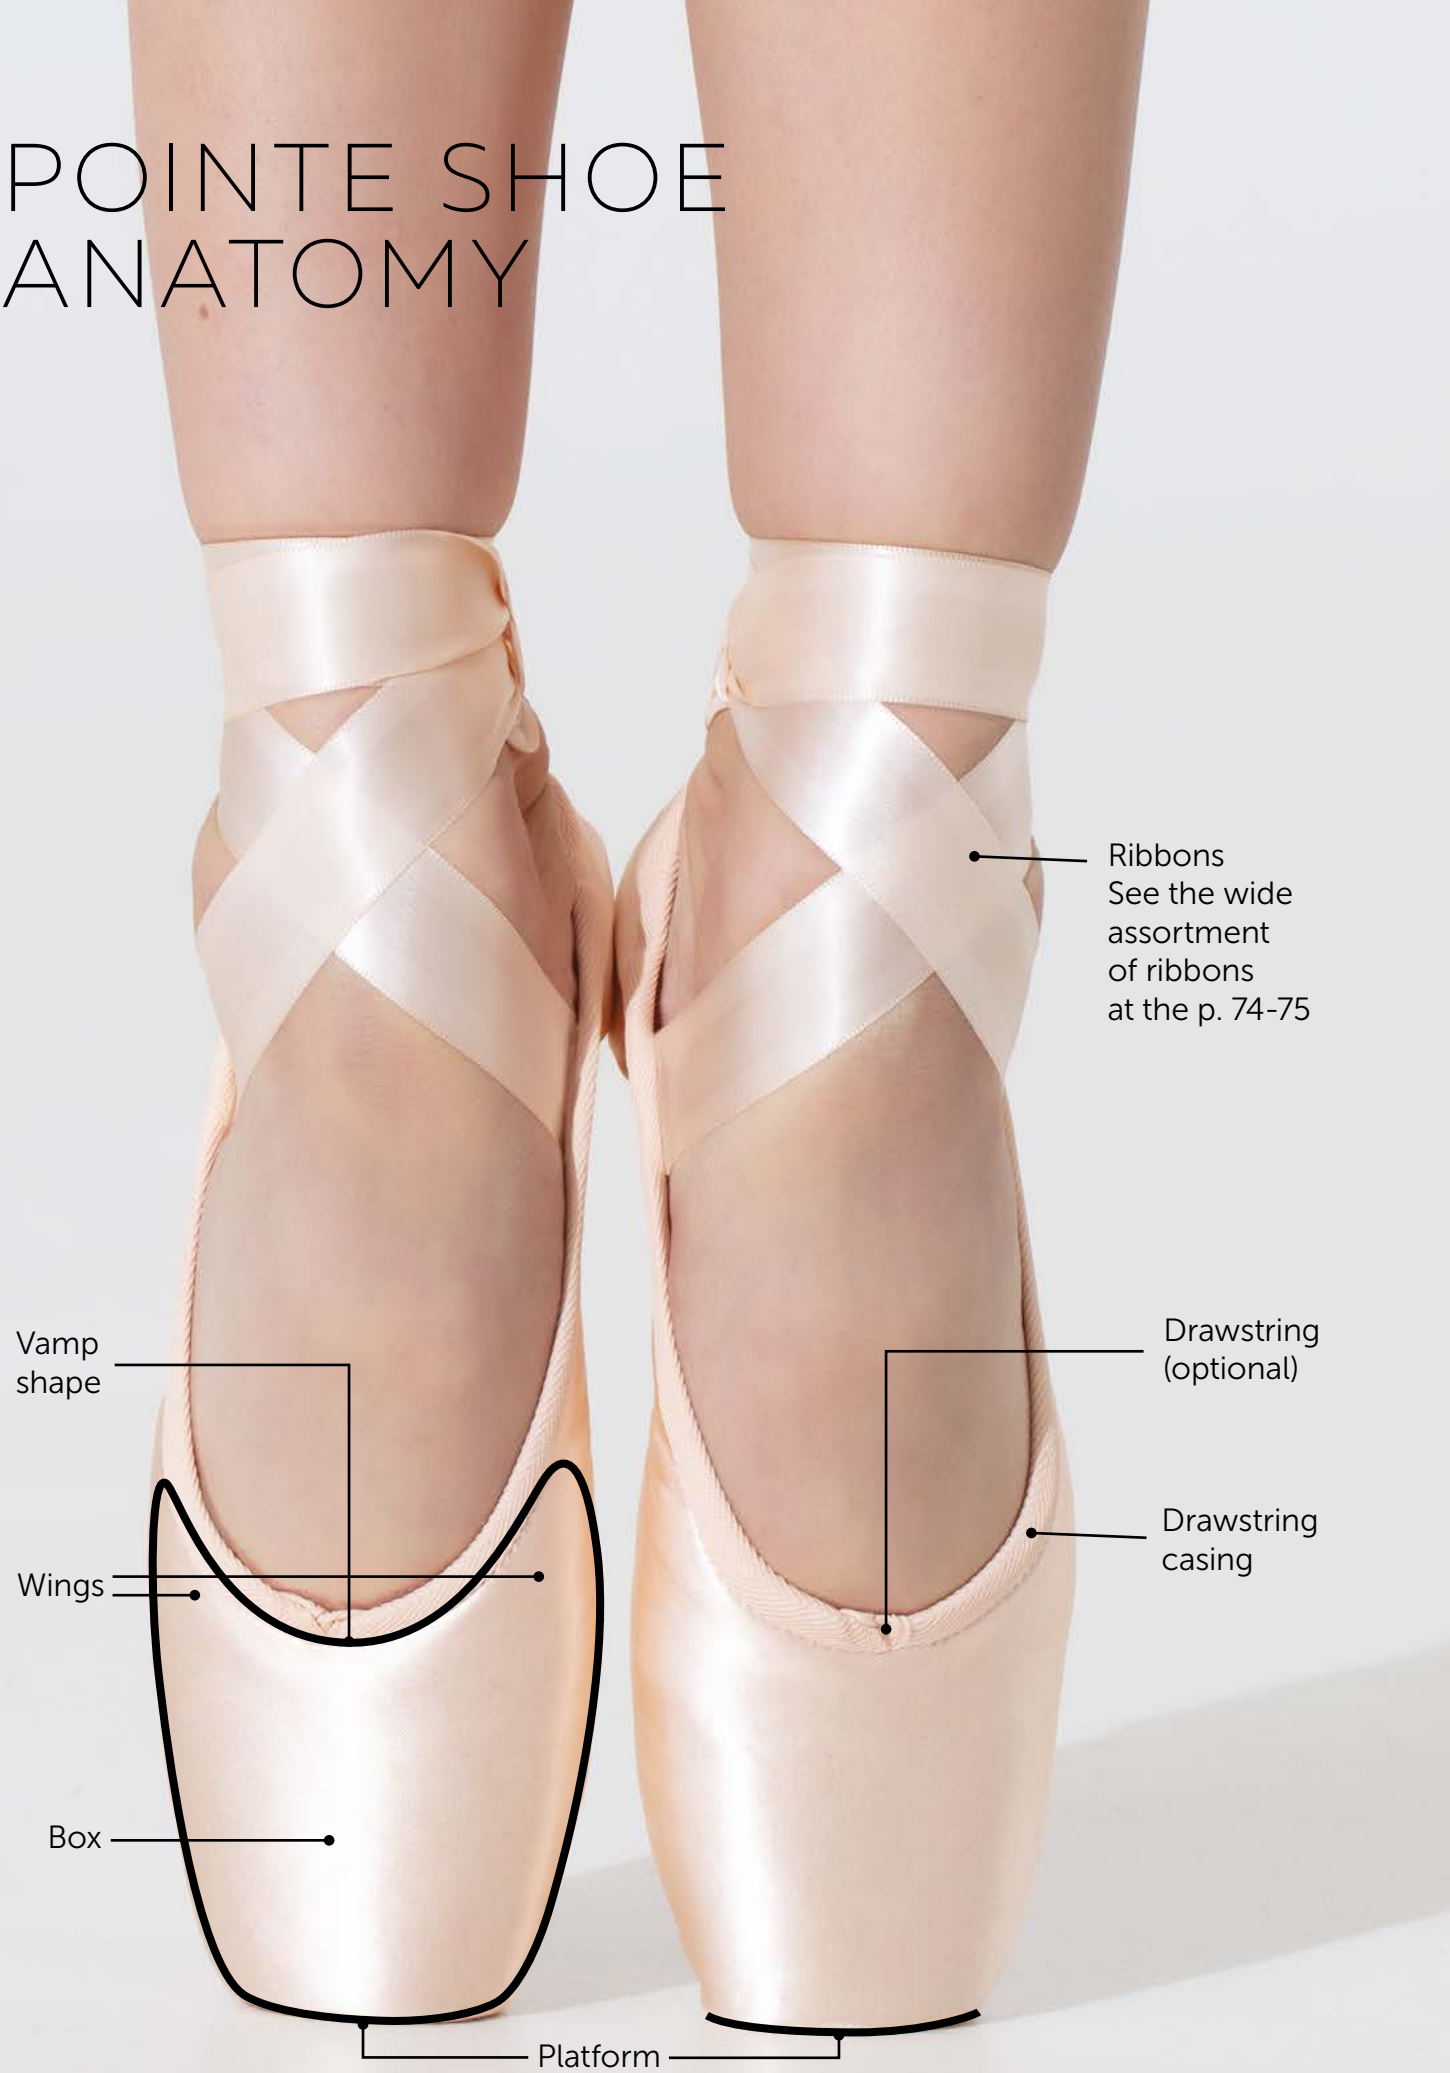

## COMBINATION OF BOTH

For those who prefer only the best, we offer two technologies together: PRO to reduce the pointe shoe sound and FLEX to follow one's arch and offer flexible comfort and control of roll-through demi-pointe.

# POINTE SHOE ANATOMY

# OUTSOLE

The outsole of all GRISHKO® pointe shoes is made of high quality natural leather which gives additional flexibility to the foot movements owing to the leather properties.

## HAND-STITCHED TURN-SHOE SOLE

A fully handmade classic method of pointe shoe production that features more flexibility and offers a longer lifespan. This outsole is fixed by a special invisible hand stitched method.

Vegan is not available 

## MACHINE STITCHED SOLE

A thin leather outsole is fixed to the satin with the help of a sewing machine to protect the insole. This outsole provides flexibility and extra articulation to any model made with this method. High quality leather along with branded patterns provide traction and extra security for the dancer.

 Vegan is available

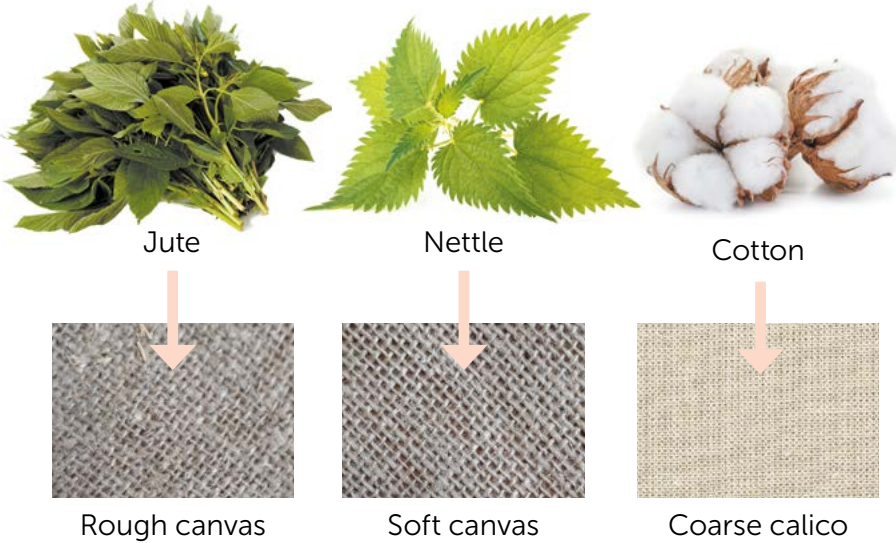

These two technologies feel different — and we recommend trying several styles before choosing the most preferable for a dancer.

# BOX

Boxes of all GRISHKO® pointe shoes are made of natural materials that are breathable and safe for your skin. Jute, nettle and cotton are used in all production. These natural materials are used to keep the dancers' feet healthy.

These types of canvas provide different features, we use different combinations to make the box and wings more adaptive or resilient, pliable or supportive.

## CLASSIC GLUE

Classic glue is made of all natural materials. The glue adapts to the foot from the first day of wear, taking shape of every curvature, making it more comfortable yet resilient to daily use.

## MIRACLE GLUE

An innovative glue with memory effect. This lightweight glue offers extreme flexibility and can be easily adapted by hand. Once formed, it retains its elasticity and suppleness. Miracle glue got its name in that it offers the ultimate in comfort and ease of movement from the first wear. Works equally well in cold, warm and humid climates.

## TROPICANA GLUE

Dancers in humid climates and higher temperatures tend to wear out their shoes faster. Tropicana glue, while still made of all natural materials, has additional agents to make it more resistant to moisture and heat, making it very long lasting. We don't recommend ordering Tropicana glue for cold climate, as it can become too hard.

# PREPARATORY POINTE SHOES

Girls between the ages of 4–10 years wear soft ballet slippers to class. Generally, the transition to Pointe shoes is perceived to be painful for children.

The GRISHKO® Company specialists have developed a unique range of children's preparatory pointe shoes, which help children's feet to adapt gradually, step by step, without pain.

## 3 STEPS TO A DREAM

This line includes 3 models:

1. EXAM
2. ALICE
3. NOVICE

### COLORS

 Ballet Pink  Dark Nude

**BOTH CHILDREN AND  
ADULTS CAN DANCE  
WEARING PREPARATORY  
POINTE SHOES**

## Exam

Last type: 2007, Victory (at request)  
 Shape: Slightly tapered  
 Vamp: U-cut, Medium  
 Sole: Machine-stitched

## 1st STEP

SHANKLESS  
 PRE-POINTE.

Helps to adapt the feet  
 to the feeling of pointe  
 shoes.

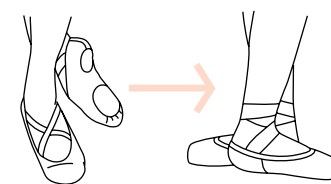

## Exam

**0512** Last type: 2007

**0512E** Last type: Victory (at request)

Allows the young dancer to get used to the shape and confinement of the toe box, with no stiffening materials in the sole. With 1/3 box length, this shoe will train the dancers foot properly by strengthening the forefoot of the dancer.

Sizes: 0,5 — 6,5  
 Width: N — XXXX  
 Shank: **No shank**  
 Box: 1/3  
 With elastic drawstring

## Alice

## 2nd STEP

Last type: 2007, Victory (at request)

Shape: Slightly tapered,  
Soft box  
Platform: Medium  
Vamp: U-cut, Medium  
Sole: Machine-stitched

Trains the arch of the foot. Transitional model between Exam and Novice. Ideal for pre-pointe classes at the barre.

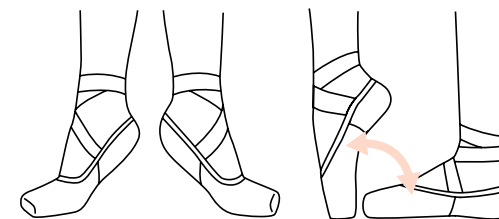

## Alice

**0526** Last type: 2007

**0526E** Last type: Victory (at request)

A unique construction of the 1/2 box length will support a dancer at the barre while rising en pointe, slight but efficient support is created by the flexible super soft or soft shank. Flannel like insole.

Sizes: 0,5 — 6,5  
Width: N — XXXX  
Shank: SS, S  
Box: 1/2

## Novice

## 3rd STEP

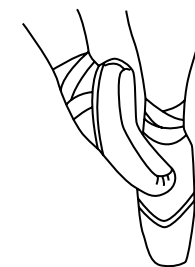

Last type: 2007  
Shape: Slightly tapered  
Platform: Medium  
Vamp: U-cut, Medium  
Sole: Machine-stitched

Ideal as the first pointe shoe for advancing beginners.  
Easy roll-through and softer box.

### Novice 0511

Novice is the "First Pointe Shoe" for advancing beginners. Softer than other models, yet supportive. This model features a softer 2/3 box length, and very pliable shanks. Allows easily roll-through demi pointe and perform center exercises.

Sizes: 2 – 7,5  
Width: N – XXXXX  
Shank: SS, S, M  
Box: 2/3

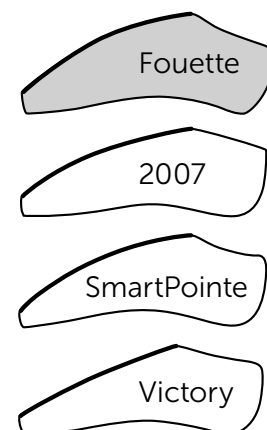

# Pointe shoes based on Fouette last

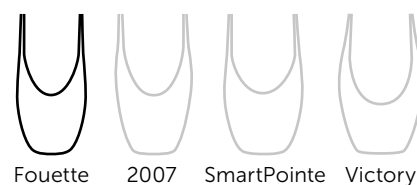

Fouette last is developed with consideration of anatomic features of the high arch and fuller tapered foot. Usually, it's Egyptian or Greek type of foot, but in wider width XXXX — XXXXX can be suitable for Roman type. Fouette is the implementation of a classic pointe shoe form — tapered and elegant.

## AT REQUEST

## COLORS

# Maya I

Platform: Medium  
Vamp: V-cut, Medium-High  
Sole: Machine-stitched  
Wings: Medium

- HIGH CROWN AND HEEL.
- ELEGANT V-CUT VAMP.
- IDEAL FOR TAPERED AND FULLER FEET.
- CLASSIC SMART PASTE.

## Maya I 0504

Classic shank construction provides strong support for advanced en-pointe elements. This shank promotes a longer life after initial break-in.

## Maya I PRO 0504/1

With softer insole and additional silent knot technology, makes pointe shoes quieter.

## Maya I PRO FLEX 0504/2

Flexibility and quiet tip due to combination of flexible sole and silent knot technology.

Size: 0,5 — 8,5  
Width: X — XXXXX  
Shank: SS, S, M, H, SH

# Fouette

Platform: Medium  
Vamp: V-cut, Medium  
Sole: Hand-stitched  
Wings: Medium

- CLASSIC FULLY HADMADE TECHNOLOGY
- ELEGANT V-CUT VAMP.
- IDEAL FOR TAPERED AND FULLER FEET.
- CLASSIC SMART PASTE.

## Fouette 0501

Classic shank construction provides strong support for advanced en-pointe elements. This shank promotes a longer life after initial break-in.

## Fouette PRO 0501/1

With additional silent knot technology, making pointe shoes quieter.

## Fouette PRO FLEX 0501/2

Flexibility and quiet tip due to combination of flexible sole and silent knot technology.

\*Mind we produce only M and H shanks for this option.

Size: 0,5 — 8,5  
Width: X — XXXXX  
Shank: SS, S, M, H, SH

Triumph

Platform: Wide  
Vamp: U-cut, Medium  
Sole: Hand-stitched  
Wings: High

- TURNSHOE STITCHING.
- IDEAL FOR "FULLER" FEET.
- CLASSIC MODEL FOR MEDIUM LENGTH TOES.
- LIGHTWEIGHT ELASTIC PASTE.

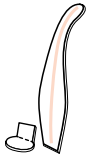

Triumph  
0519

Elegant shape that fits high arch with traditional hand-stitched natural leather outsole.

Triumph PRO  
0519/1

For noise reduction we added "silent knot" technology to the basic model.

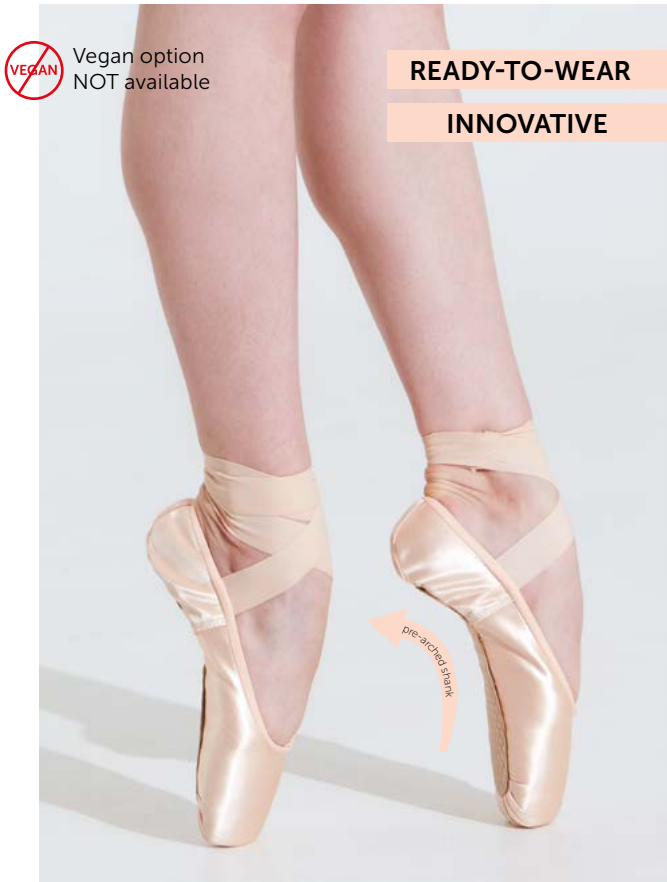

Size: 0,5 — 8.5  
Width: X — XXXXX  
Shank: SS, S, M, H, SH (at request)

SuperTriumph

Platform: Wide  
Vamp: U-cut, Medium  
Sole: Hand-stitched  
Wings: High

- PRE-ARCHED THERMOFORM-ABLE INSOLE.
- LONG LASTING SHANK.
- LIGHTWEIGHT ELASTIC PASTE.

SuperTriumph Pre-arched  
0536

Innovative model that gives flexibility and resilient support to your foot. The pre-arched shank gives extra comfort and support to the heel, especially if ballerina has high arch.

SuperTriumph  
0536/1

Innovative shank is flexible and resilient. Gives proper support and has increased durability.

Size: 0,5 — 8.5  
Width: X — XXXXX  
Shank: SS, S, M, H, SH

SUPERTRIUMPH

READY-TO-WEAR

Pre-arched thermoformable insole.

Overly bending the shank will damage the shoe.

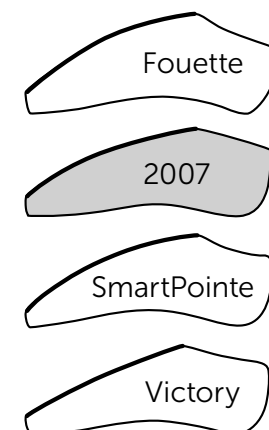

# Pointe shoes based on 2007 last

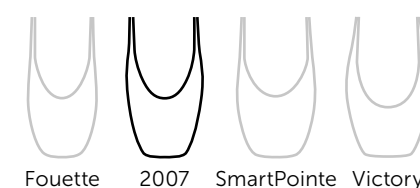

2007 last was developed with consideration of anatomic features of medium width foot, medium arch, and medium to long toes. This unique construction satisfies 90 % of dancers. Therefore, GRISHKO® has the widest variety of pointe shoe models based on the 2007 last. 2007 has a tapered dynamic form.

Shank: S, M, H, R

# STREAMPOINTE

## BROAD METATARSAL AREA

Great for shallow feet that are broad throughout metatarsal.

### EASY ROLL-THROUGH

### ELASTICATED BINDING

# LONG-LASTING INNOVATION

Thermoformable shank lasts longer and gives both flexibility and resilient support to the foot.

# READY-TO-WEAR

Thermoformable insole.

Overly bending the shank will damage the shoe.

# IT TAKES A LEGEND TO MAKE A STAR

Adaptable crown accomodates all foot shapes.

STARPOINTE

# StarPointe

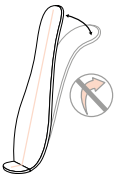

Platform: Wide  
Vamp: Soft V-cut, Medium  
Sole: Machine-stitched  
Wings: High

- INNOVATIVE CONSTRUCTION.
- SUPPORTIVE, YET FLEXIBLE SHANK.
- ELASTICATED BINDING.
- LOW SIDES WITH HIGHER HEEL.
- MICROFIBER HEEL CUP.

# StarPointe 0543

Based on the best selling StreamPointe model, StarPointe offers new possibilities with a different shank construction. The specially designed polymer shank is very supportive while also being flexible enough to form perfectly to any dancer's arch. A slightly raised heel offers fuller coverage and security. StarPointe features an elasticated binding for a streamlined fit.

Size: 0,5 – 9  
Width: X – XXXXX  
Shank: SF, MF, HF, SHF

# Pointe shoes based on Victory last

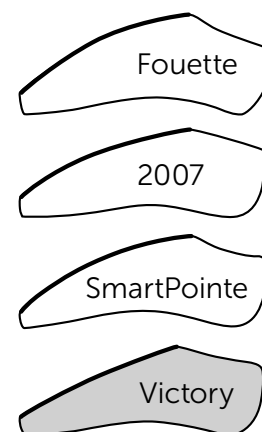

This unique yet extremely versatile last was created as an improvement to the iconic Elite last. This new last features an elegant faux taper that fits all foot shapes – Egyptian, Grecian and Roman. The Victory last has a broad platform for a perfect secure balance. This last was created for feet with a low to medium arch but also works for high arch. The U shaped vamp has a medium throat along with low sides and heel to showcase the dancer's feet.

- EASY ROLL-THROUGH.

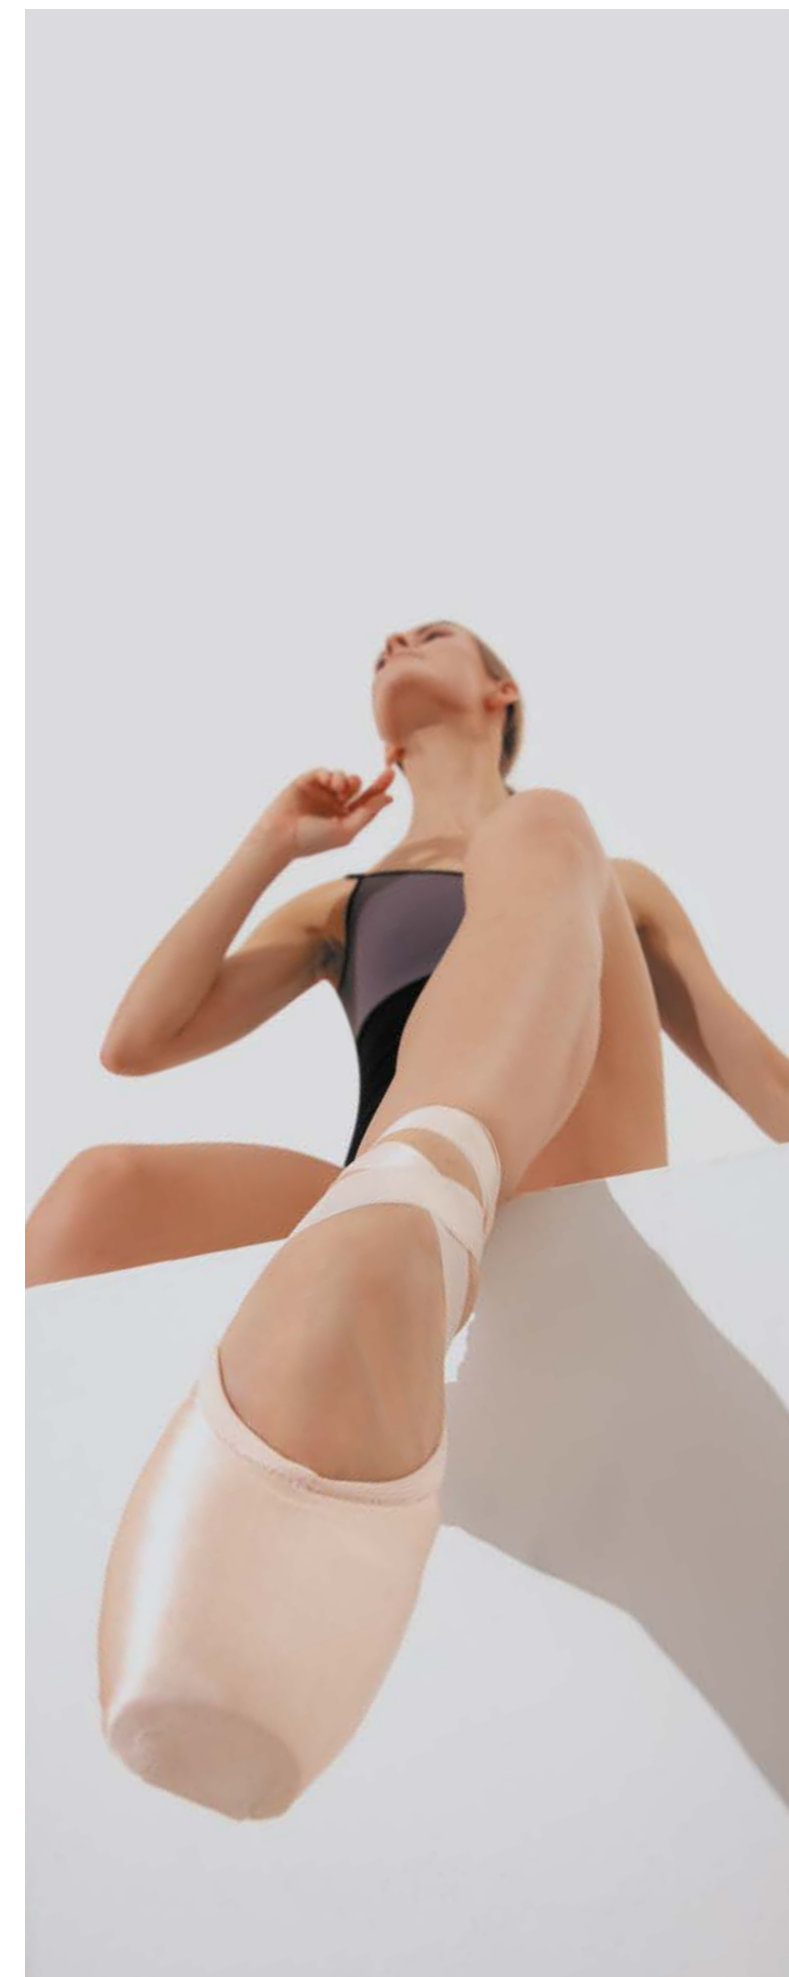

## Victory 0542

The wide box and extra internal space created by the faux taper make this model excellent for all foot shapes. Elasticated binding eliminates the need for a drawstring while the microfiber heel counter securely hugs the heel and prevents the shoe from slipping off. With a natural shank with easy roll-through and a brush of our Miracle paste on it's high wings, this model is very supportive while still allowing for easy demi-pointe. This instant best seller is humid climate resistant and long lasting. Victory is a must-have for your store's pointe shoe repertoire. Due to the high wing construction, this model is to be manipulated through the 3/4 area of the shank during the fitting, or broken in naturally by the heat of the foot.

## Victory FLEX 0542

Flex shank for dancers who need pliable shank for easy demi-pointe elements. This model hugs the dancer's arch to perfection.

Size: 1 – 11  
Width: X – XXXXXX  
Shank: SS, S, F, M, H, SH (at request)

**ELASTICATED

**ANTIBACTERIAL  
BOX & SOLE**  
Silver nano technology  
treatment of the inner lining.

## BROADEST PLATFORM

This new last features an elegant faux taper, while still fitting very broad and square foot shape.

**EASY ROLL-THROUGH**

# VICTORY

# SOFT BALLET SHOES

Soft ballet shoes seem simple, but that's only an illusion. For the majority of a dancer's career, they will be training in ballet flats, and finding a perfect shoe can be challenging. We've created different styles to work for dancers of every level and feet form.

We use canvas, stretch canvas, leather, or satin to offer dancers the choice they deserve. The outsole is usually suede, but we can replace it with the cruelty-free VEGAN option on request in split sole models.

# HOW TO CHOOSE

Soft ballet shoes require the same accurate fitting as pointe shoes do. Ballet flats underline the feet, protect them and support the way it's needed if they follow the shape perfectly and their features meet the dancer's needs.

Soft pleats and binding make it easy to fit soft ballet shoes to different feet forms, yet the toe lengths vary and requires different vamps. The arch and feet strength also matter, therefore we created this chart to assist you in choosing the soft ballet shoes of your DREAM.

FEET STRENGTH \ ARCH	FEET FORM	
	LONG TOES	SHORT TOES

# LYRICAL SHOES

GRISHKO® Gymnastics half-soles, or as we also refer to them as "turner shoes", are used by the Rhythmic Gymnastics Olympic team of the Russian Federation. These shoes have been tested and perfected over the years by some of the top gymnasts in the world as well as now being worn by the top contemporary dancers in the United States.

## MATERIALS AND PROPERTIES

### GENUINE LEATHER

Used to make the sole and the upper of the shoe. Breathable material. Adapts to the foot shape.

### MICROFIBER (artificial leather)

Provides sufficient floor grip. Allows the skin to breathe. Long-lasting material.

### CANVAS (100% cotton)

A breathable and hypo-allergenic type of natural fabric which can be easily dyed.

### CALICO (100% cotton)

An extra thin type of fabric for proper fit.

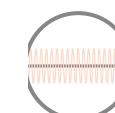

### TERRY FABRIC (100% cotton)

Ensures dry skin and protects the foot.

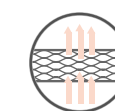

### NON-SLIP SILICON

The shoes straps are covered with special non-slip silicon to ensure that the shoes fit perfectly even when performing complex movements.

### FLAT SEAM

The sole and the upper are sewn together in such a way as to ensure that the seam is flat and even highly sensitive foot is guaranteed exceptional comfort.

### ELASTIC YARN THREAD (Polyamide)

Special type of elastic yarn used for sewing ensures that the shoe perfectly matches the shape of the foot.

### ELASTICATED BINDING

Due to elasticated binding the shoe securely hugs the foot and offers considerable comfort.

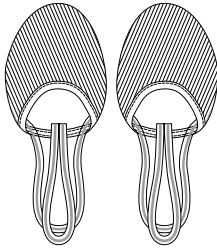

# Dream-Turner

Long lasting four way stretch canvas that is strong and resilient with a shock absorbing padded insole and terry lining. Flat seams, full microfiber outsole and unique pleat-less construction offers comfort, durability and the best look to any foot on stage or rehearsal.

Vamp: High  
Sole: Microfiber  
Size: XS, S, M, L, XL, 2XL  
Widths: Medium

**03057**  
Material: Stretch Canvas  
Color: ● Ballet Pink ● Tan ● Black

# Alina

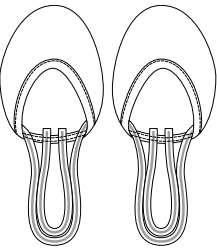

100% cotton lining allows the skin to breathe. The only model which is produced both in leather and in dense 100% cotton canvas. Elastics straps with silicon strips ensure a perfect fit. Genuine leather ensures that the shoe securely hugs the foot and adapts to its shape.

Vamp: Low  
Sole: Leather  
Size: 2XS, XS, S, M, L, XL, 2XL

**03052L**  
Material: Leather  
Color: ● Ballet Pink ○ White ● Black

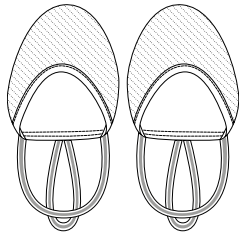

# Irina

A version with a lighter upper part to ensure maximum flexibility. Soft binding allows the shoe to adapt to the foot shape. Microfiber is a durable type of material which ensures that the shoe retains its shape and external appearance even during intensive workout sessions. Anti-slip sole guarantees perfect floor grip.

**03053**  
Vamp: Low  
Sole: Leather  
Size: 2XS, XS, S, M, L, XL, 2XL  
Widths: Medium  
Material: Microfiber

# Yana

This model features a faux suede upper and soft terry insole lining. The double elastics ensure a secure and snug fit.

**03054**  
Vamp: Low  
Sole: Faux Suede  
Size: 2XS, XS, S, M, L, XL, 2XL  
Widths: Medium  
Material: Microfiber  
Color: ● Ballet Pink

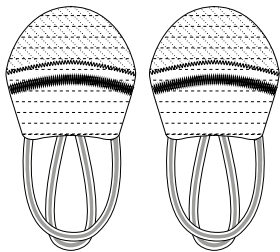

# Model 3

Special thickness of the polyamide thread used in the production of this model guarantees its exceptional durability. This model is machine washable! The shoes are extra light and incredibly comfortable.

**03055**  
Knitted Half-Sock  
Size: XS, S, M, L, XL, 2XL  
Material: Polyamide  
Color: ● Beige

# Model 5

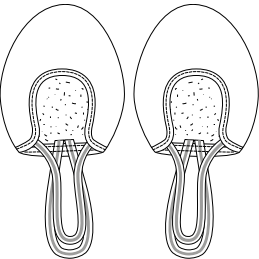

Special design and construction of the upper which is as open as possible. Extra protection for the toes is provided due to the specific binding. Flat seams guarantee maximum comfort. The foam insole with terry lining ensures soft jumps and rotations. This model has a lighter upper than Yana model. The sole made of artificial leather is exceptionally durable.

Vamp: Low

Size: one size

# Pointe shoe dryers

**0559**  
Color: ● Pink  
Filler: Silica Gel

This is something every fitter should offer with every pair of pointe shoes. These little helpers work wonders, eliminating the smell and pulling moisture right out of used pointe shoes. Our dryers add at least 30% lifespan to the box of your dancers pointe shoes. They must be replaced every three months for best results.

----- ✂️ DIY Adjust the form of caps to the required size with the help of scissors.

## CLASSICAL RIBBONS

Classical satin and cotton ribbons for dancers of all levels. Tightly secure the pointe shoe on the foot, provide maximum support.

### Satin ribbon

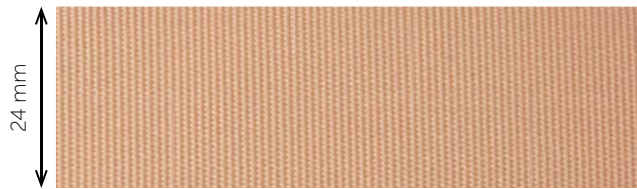

**0510/9**                      **0510/9R**  
Width: 24 mm                      Roll of 50 m  
Pack of 2 m  
Color: ● Ballet Pink ● Dark Nude

Satin ribbon of white, black, ballet pink colors to match pointe shoes. Classic look with a light sheer.

### Cotton ribbon

**0510/1**                      **0510/1R**  
Width: 24 mm                      Roll of 50 m  
Pack of 2 m  
Color: ● Ballet Pink

Cotton-like ribbon as matte surface prevents the ribbon from sliding off and grants a classic look.

### Satin ribbon with silicone

**0002/6**                      **0002/6R**  
Width: 25 mm                      Roll of 50 m  
Pack of 2 m  
Color: ● Ballet Pink

Satin ribbon with silicone is perfect for dancing without tights as silicone securely fixes the ribbon on naked skin.

## ELASTICS

Elastics are usually used in addition to ribbons to provide flexible fixing of pointe shoes on the feet. Some professional dancers use only elastics to fix their pointe shoes and create a contemporary look.

### Mesh elastic

**0002/3**                      **0002/3R**  
Width: 25 mm                      Roll of 25 m  
Pack of 1 m  
Color: ● Ballet Pink

Mesh elastic for those who prefer flexible fixing of the arch and ankle. Match the color of pointe shoes and theatrical pink ballet tights.

## HYBRID RIBBONS

A perfect balance that gives you enough support but allows a greater range of movement.

### Satin ribbon with pre-sewn elastic

**0510/4**  
Width: 24 mm  
Pack of 2.2 m (4 x 60 cm)  
Color: ● Ballet Pink

### Satin ribbon with pre-sewn mesh elastic

**0510/3**  
Width: 24 mm  
Pack of 2.2 m (4 x 60 cm)  
Color: ● Ballet Pink

Features elastic inserts that are placed on the Achilles tendon. The inserts reduce pressure on this sensitive area and help prevent tendonitis. A bestseller that combines the flexibility of mesh / elastic mesh and the classic look of satin ribbons.

### Transparent mesh elastic

**0002/2**                      **0002/2R**  
Width: 28 mm                      Roll of 25 m  
Pack of 1 m  
Color: ○ White

Grants a flexible fixing, being almost invisible even on the naked skin. Choose between transparent and nude to match the color of pointe shoes and tights.

## ELASTICIZED RIBBON

Maximum flexibility that allows natural flexion of your heel and ankle.

### Elasticized ribbon

**0002/7**                      **0002/7R**  
Width: 25 mm                      Roll of 50 m  
Pack of 2 m

### Sticker pack

**0010**

Size: 10,5 x 14,8 cm

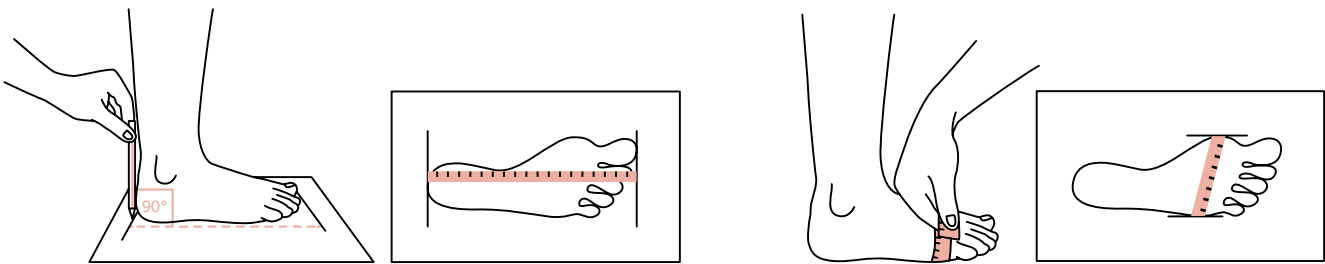

Material: paper

HOW TO FIND YOUR RIGHT SIZE

- How to measure and identify GRISHKO® pointe shoe size:
- 1) Take a piece of A4 paper and put ballerinas' foot on it, draw the contour of the foot with a pencil; the pencil should be held under an angle of 90° (perpendicularly). Draw and measure the left and right foot, as they can differ.
  - 2) Measure the distance from the heel to the endpoint of the toe (in mm);
  - 3) Find the result of the measurements in the table. In case the measurement in between two sizes, we recommend taking a bigger one, as pads and tights also have a certain thickness.

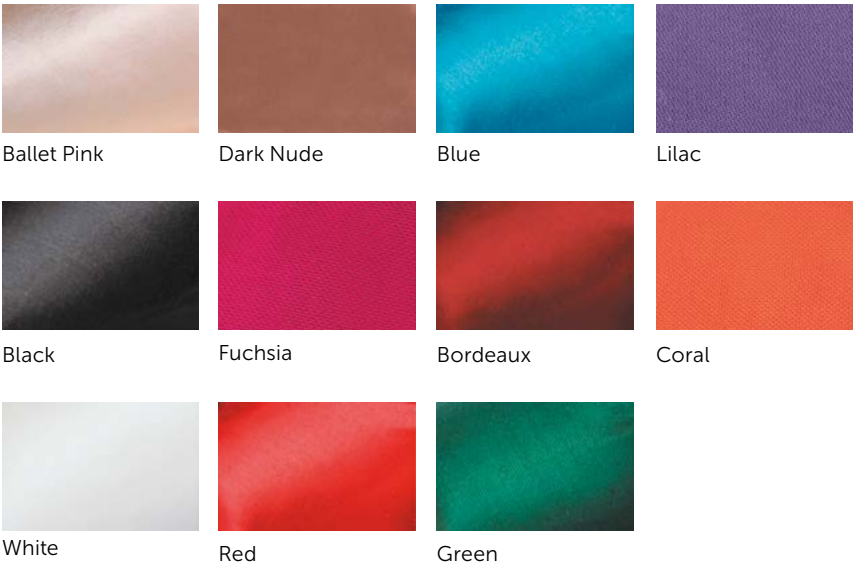

How to choose the width

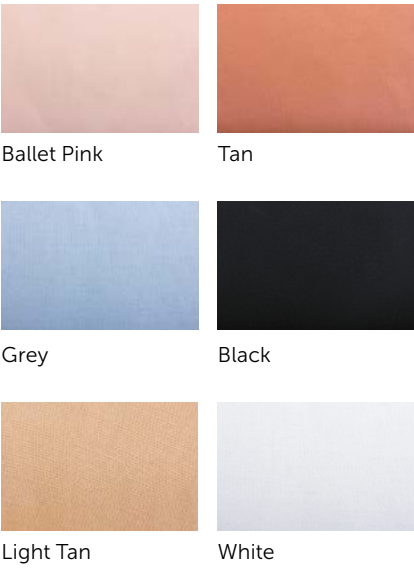

GRISHKO® offers pointe shoes in 7 different widths:  
N – for extremely narrow feet  
X – for narrow feet  
XX and XXX – for medium feet  
XXXX – for wide feet  
XXXXX-XXXXXX – for super wide feet

Measure your foot at its widest place (where the bunions are) to identify the required width the pointe shoes. Relate the result to the table data and identify your width. It is recommended to choose a width that provides a firm and painless fit. If you notice wrinkles on the fabric and gaps between the shoe and the foot, it means you need less width.

# HOW WE HELP RETAILERS BOOST SALES

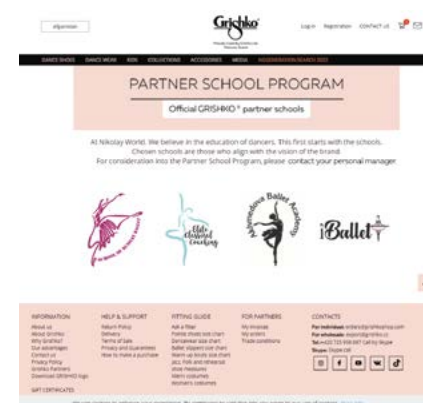

When our retailers prosper, we prosper, too. That is why we have a wide range of marketing tools to help you sell our products.

## MEDIA MATERIALS AND DESIGN

We provide retailers with high-resolution photos of our products that you can use in store or online. We can also create designs for your stand, brochures and other promotional materials that feature our products on request.

Contact your international brand manager or your sales representative to discuss if you need any promo materials.

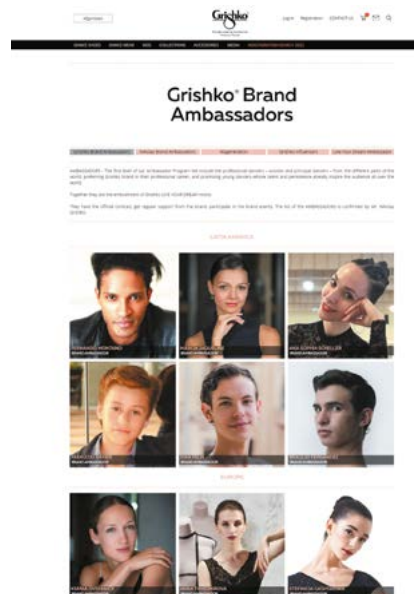

## PARTNER SCHOOLS

We are a retailer-centric company, therefore we created a program uniting ballet schools, retailers, and an amazing quality of handmade in Russia products.

For consideration into the Partner School Program, please contact your personal manager.

## AMBASSADORS

To better promote GRISHKO® products, you can rely on the strong brand image we built both on social media and in the professional world of ballet with the help of our ambassadors.

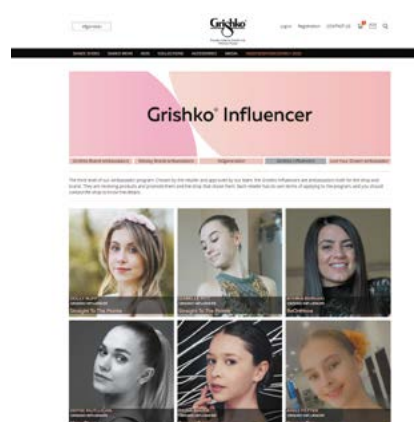

### GRISHKO® Brand Ambassadors

are the first level of our Ambassador Program. We engage professional ballet artists — soloists and principal dancers — as well as promising young talents who inspire hundreds of thousands of ballet lovers all over the world.

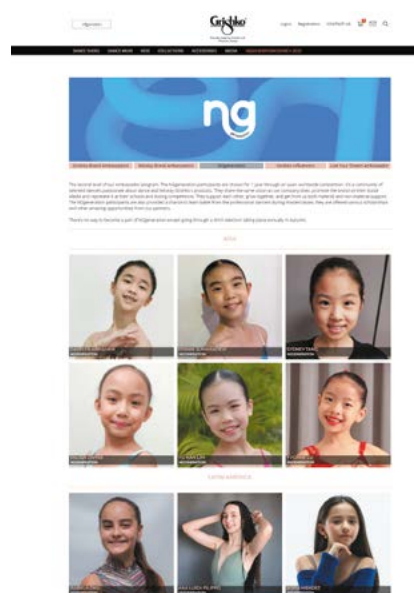

Our Brand Ambassadors are true icons of dance, winners of most prestigious ballet contests who have both impeccable ballet technique and strong media presence. Together, they promote the GRISHKO® brand and embody our motto — LIVE YOUR DREAM.

They have an official contract, get regular support from the brand, and participate in the brand events.

**GRISHKO® Market Influencers** are the second level of our Ambassador program designed specifically to boost online presence of GRISHKO® partners retailers. Each store can choose their own influencer to promote them — and we will provide them with a welcome package and 1 pair of pointe shoes monthly.

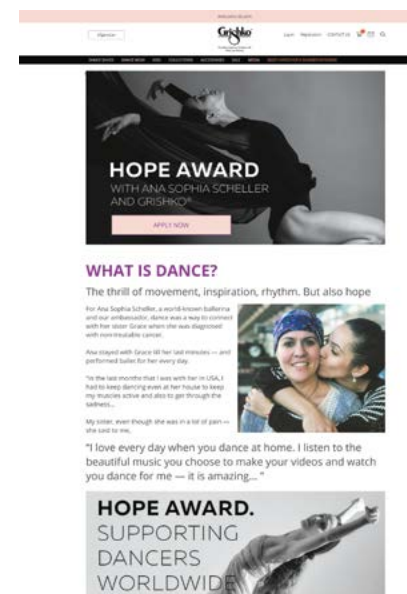

GRISHKO® Influencers create engaging content for your store, and we regularly feature both your influencer and your store on our social media accounts — so you can reach an audience of more than 180 000 loyal GRISHKO® / NIKOLAY® customers. Each retailer has its own terms of applying to the program.

**NGgeneration** is the third level of our Ambassador program. The NGgeneration participants are aspiring dancers chosen for 1 year through an open worldwide competition.

It's a community of talented ballet artists passionate about dance and Nikolay Grishko's products. They share the same vision as our company does, promote the brand on their Social Media and represent it at their schools and during competitions.

They support each other, grow together, and receive both material and non-material support from GRISHKO®. The NGgeneration participants are also provided a chance to learn ballet from the professional dancers during masterclasses, they are offered various scholarships and other amazing opportunities from our partners.

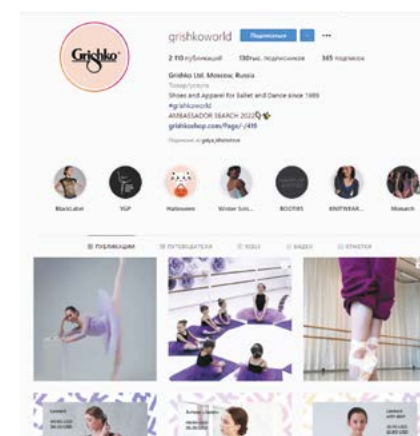

## HOPE

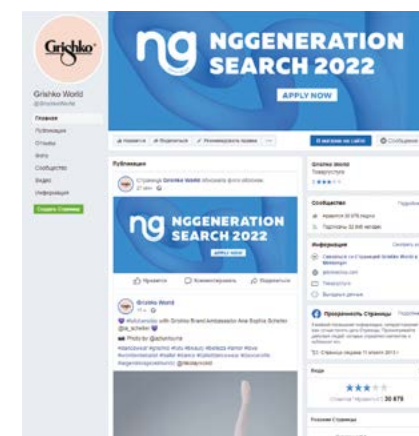

A soon-to-be-launched charity campaign designed to support dancers in need. We will choose three dancers who overcame their struggles through the power of art. They will receive GRISHKO® products and personal mentorship from our brand ambassador Ana Sophia Scheller.

The campaign will feature special merchandise — hoodies, badges, etc. and will be promoted online and in partners' stores. The project will help you enhance your store image as a socially aware business that helps dancers worldwide live their dream — with GRISHKO®.

@grishkoworld is great opportunity to feature your store and share all the news regarding new arrivals and in-store events announcements.

FOR FEET WITH MEDIUM AND HIGH ARCH

Recommended lasts: 2007, Fouette, SmartPointe

ATTENTION:  
Size chart is provided as a reference and an approximate guide only and does not guarantee an exact or perfect fit.  
The proper fit of pointe shoes depends on individual foot shape and toe pads used by dancer.  
The recommended way to determine correct pointe shoe size is to be fitted in local shop.
