# POINTE SHOES

GRISHKO® offers the widest variety of pointe shoes on the market. The number of stock model variations (model, shank, size, width, strength) exceeds 20000, and this number doesn't include the additional technologies, colors, and individual orders with different adjustments!

Often dancers use one particular model of pointe shoes in different shanks depending on the performances they will partake in.

And sometimes, they require slight adjustments to their stock model. To make this easier for our customers, we have added a number of technologies and options to fully customize fit, look and even the function of the pointe shoe.

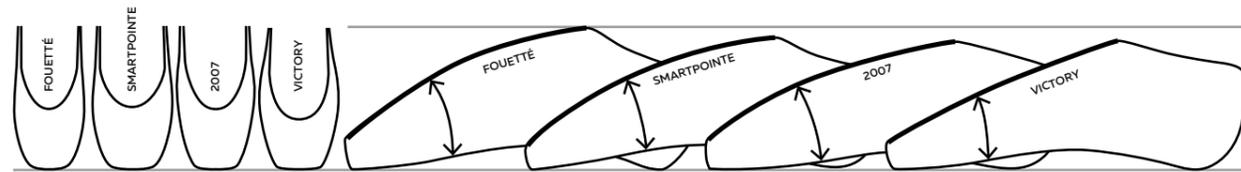

All of our pointe shoes pass through three steps of quality control. Under the binding, you can see handwritten characters which designate the shoe technologist, the model number and the date that the shoes were made. This information confirms that your GRISHKO® shoes were made by our professional shoe makers who are trained artisans in this craft.

# GRISHKO® POINTE SHOE SYSTEM

We have developed a comprehensive system of pointe shoes based upon the lasts. Each last is made to fit different foot shapes. Most lasts have multiple models that differ in the details: the depth of the vamp, the height of the sides and heel, the material of the insoles, etc. But the internal space of models created on the same last remains the same. Initially we begin with the physical parameters of the foot, so that our pointe shoes are anatomically correct and safe for your feet.

## FOUETTÉ SMARTPOINTE 2007 VICTORY

The last is the main attribute, which creates the inner form of pointe shoes. It is the base for proper support, health, and comfort. GRISHKO® pointe shoes are the most customized in the world. All of our pointe shoes are based on four unique lasts: Fouetté, 2007, SmartPointe and Victory. Each last accommodates different configurations of foot and toe shapes.

# HOW TO CHOOSE

The fitter should first choose the last according to the foot shape and toe configuration. And next, consider box, platform, vamp and other features.

GRISHKO® offers the widest variety of stock models to fit any foot. Our pointe shoes are based on 4 different lasts (forms): Fouetté, SmartPointe, 2007 and Victory. Each last is designed to suit a particular foot and toe shape configuration. It is important to feature all four lasts for the perfect fitting experience.

### Tamara 0546

Thanks to its construction, this model offers a pliable yet consistent, supportive shank that forms perfectly to any dancer's arch. The shank is 5 mm shorter in comparison to the Maya model which provides a perfect fit.

The sides are all 5 mm lower when compared to the Maya style. This improved design offers:

- a smooth appearance even en-pointe position, provided by the heel counter which securely hugs the heel,
- a more streamlined fit.

Our incredibly soft microfiber lining adds additional comfort and prevents the shoe from sliding off the foot.

The use of our Miracle glue in the box and wings, offers extreme flexibility and allows these parts to be easily adapted by hand. This innovative paste works equally well in cold, warm and humid climates.

Elasticated binding provides a snug, secure fit.

## NeoPointe 0545

NeoPointe epitomizes softness inside and out. This uniquely soft pointe shoe model has the most pliable shank ever, featuring our FLEX technology combined with our Easy Roll-Through technology. The box has been shortened to 2/3 length, allowing the shoe to offer unsurpassed comfort during roll-through from demi-pointe to an en pointe position. Our incredibly soft microfiber lining and new extra special padding within the box add additional comfort and minimize toe pressure. By using our Miracle glue in the box and wings, the shoe adapts to the dancer's feet, allowing consistent support in the metatarsal area yet staying flexible at the same time for a greater variety of movements. The adaptable crown and streamlined cut make this model a wonderful choice for dancers of all levels.

# SOFT BALLET SHOES

Soft ballet shoes seem simple, but that's only an illusion. For the majority of a dancer's career, they will be training in ballet flats, and finding a perfect shoe can be challenging. We've created different styles to work for dancers of every level and feet form.

We use canvas, stretch canvas, leather, or satin to offer dancers the choice they deserve. The outsole is usually suede, but we can replace it with the cruelty-free VEGAN option on request in split sole models.

# HOW TO CHOOSE

Soft ballet shoes require the same accurate fitting as pointe shoes do. Ballet flats underline the feet, protect them and support the way it's needed if they follow the shape perfectly and their features meet the dancer's needs.

Soft pleats and binding make it easy to fit soft ballet shoes to different feet forms, yet the toe lengths vary and requires different vamps. The arch and feet strength also matter, therefore we created this chart to assist you in choosing the soft ballet shoes of your DREAM.

		FEET FORM

# LYRICAL SHOES

GRISHKO® Gymnastics half-soles, or as we also refer to them as “turner shoes” have been tested and perfected over the years by some of the top gymnasts in the world as well as now being worn by the top contemporary dancers in the United States.

## MATERIALS AND PROPERTIES

### GENUINE LEATHER

Used to make the sole and the upper of the shoe. Breathable material. Adapts to the foot shape.

### MICROFIBER (artificial leather)

Provides sufficient floor grip. Allows the skin to breathe. Long-lasting material.

### CANVAS (100% cotton)

A breathable and hypo-allergenic type of natural fabric which can be easily dyed.

### CALICO (100% cotton)

An extra thin type of fabric for proper fit.

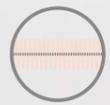

### TERRY FABRIC (100% cotton)

Ensures dry skin and protects the foot.

### NON-SLIP SILICON

The shoes straps are covered with special non-slip silicon to ensure that the shoes fit perfectly even when performing complex movements.

### FLAT SEAM

The sole and the upper are sewn together in such a way as to ensure that the seam is flat and even highly sensitive foot is guaranteed exceptional comfort.

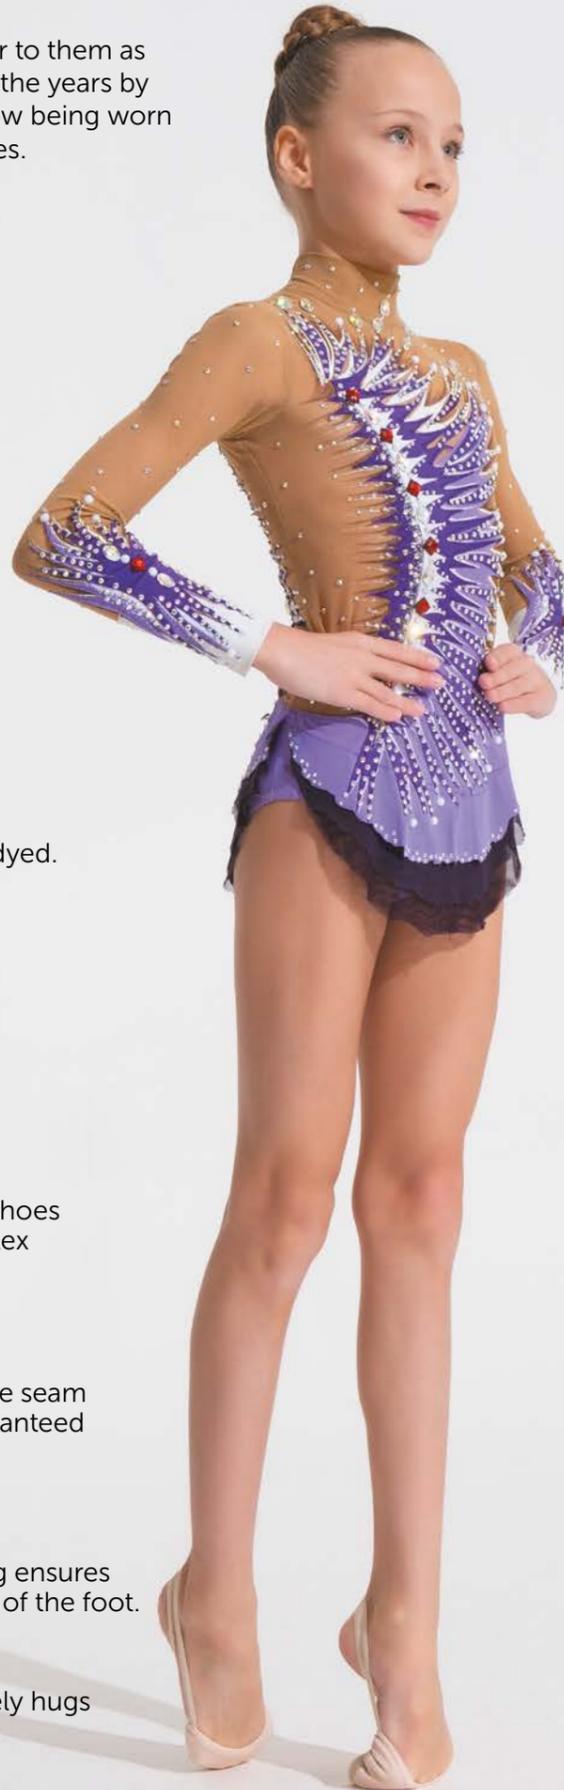

### ELASTIC YARN THREAD (Polyamide)

Special type of elastic yarn used for sewing ensures that the shoe perfectly matches the shape of the foot.

### ELASTICATED BINDING

Due to elasticated binding the shoe securely hugs the foot and offers considerable comfort.

## Dream-Turner

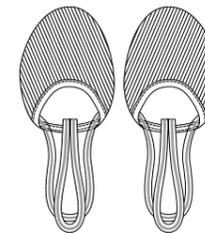

Long lasting four way stretch canvas that is strong and resilient with a shock absorbing padded insole and terry lining. Flat seams, full microfiber outsole and unique pleatless construction offers comfort, durability and the best look to any foot on stage or rehearsal.

# INNOVATIVE HI-TECH FORMULA

Removes, not masks the odor!

## S.O.S. Stop Odor Spray

Innovative hi-tech formula – removes, not masks the odor! Bonus: you can use it as an antibacterial spray for the barre!

**ART. SHOESPRAY**  
Volume: 50 ml

**ART. BAGSPRAY**  
Volume: 100 ml

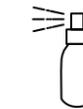

- The aroma is neutral – light and fresh it evaporates in a few minutes together with unwanted odor.
- Features antibacterial and anti-fungal properties.
- Hypoallergenic spray that removes odor on a molecular level.
- Cleans and disinfects surfaces and insoles of your shoes or dance bag.
- Extends the lifecycle of dance shoes and toe pads.
- Be the envy of all your friends, don't have a smelly dance bag!

### How to use

Do your dance shoes and toe pads smell?  
Does your dance bag have unpleasant odor?

Spray S.O.S from 20 cm away into your dance bag. Spray the inside of your shoes and toe pads.

Wait 15-20 minutes or until shoes or bag are fully dry before next use.

No more foul smell!  
Only the feeling of freshness and confidence.

**Caution:** Keep away from fire. Do not ingest. Keep out of reach of children. Avoid eye contact, rinse with water if needed. In case of allergic reaction contact your doctor.

**Note:** the spray is harmless for your skin, but created especially for shoes, bags, and costumes, and not recommend to spray on yourself.

## CLASSICAL RIBBONS

Classical satin and cotton ribbons for dancers of all levels. Tightly secure the pointe shoe on the foot, provide maximum support.

### Satin ribbon

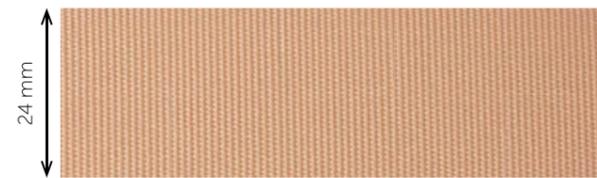

**0510/9**      **0510/9R**  
 Width: 24 mm      Roll of 50 m  
 Pack of 2 m  
 Color: ● Ballet Pink ● Dark Nude

Satin ribbon of white, black, ballet pink colors to match pointe shoes. Classic look with a light sheer.

### Cotton ribbon

**0510/1**      **0510/1R**  
 Width: 24 mm      Roll of 50 m  
 Pack of 2 m  
 Color: ● Ballet Pink

Cotton-like ribbon as matte surface prevents the ribbon from sliding off and grants a classic look.

### Satin ribbon with silicone

**0002/6**      **0002/6R**  
 Width: 25 mm      Roll of 50 m  
 Pack of 2 m  
 Color: ● Ballet Pink

Satin ribbon with silicone is perfect for dancing without tights as silicone securely fixes the ribbon on naked skin.

### Mesh elastic

**0002/3**      **0002/3R**  
 Width: 25 mm      Roll of 25 m  
 Pack of 1 m  
 Color: ● Ballet Pink

Mesh elastic for those who prefer flexible fixing of the arch and ankle. Match the color of pointe shoes and theatrical pink ballet tights.

## ELASTICS

Elastics are usually used in addition to ribbons to provide flexible fixing of pointe shoes on the feet. Some professional dancers use only elastics to fix their pointe shoes and create a contemporary look.

## HYBRID RIBBONS

A perfect balance that gives you enough support but allows a greater range of movement.

### Satin ribbon with pre-sewn elastic

**0510/4**  
 Width: 24 mm  
 Pack of 2.2 m (4 x 60 cm)  
 Color: ● Ballet Pink

### Satin ribbon with pre-sewn mesh elastic

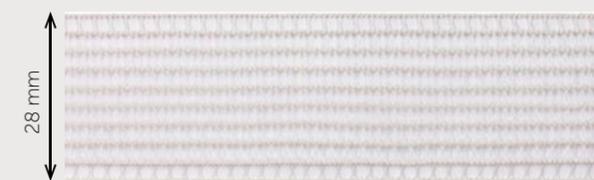

**0510/3**  
 Width: 24 mm  
 Pack of 2.2 m (4 x 60 cm)  
 Color: ● Ballet Pink

Features elastic inserts that are placed on the Achilles tendon. The inserts reduce pressure on this sensitive area and help prevent tendonitis. A bestseller that combines the flexibility of mesh / elastic mesh and the classic look of satin ribbons.

### Transparent mesh elastic

**0002/2**      **0002/2R**  
 Width: 28 mm      Roll of 25 m  
 Pack of 1 m  
 Color: ○ White

Grants a flexible fixing, being almost invisible even on the naked skin. Choose between transparent and nude to match the color of pointe shoes and tights.

## ELASTICIZED RIBBON

Maximum flexibility that allows natural flexion of your heel and ankle.

### Elasticized ribbon

**0002/7**      **0002/7R**  
 Width: 25 mm      Roll of 50 m  
 Pack of 2 m  
 Color: ● Ballet Pink

The elasticized ribbon feels very comfortable while dancing.

### Elastic

**0002/1**      **0002/1R**  
 Width: 13 mm      Roll of 20 m  
 Pack of 1 m  
 Color: ● Ballet Pink ○ White ● Black ● Tan

Best option for soft ballet shoes and contemporary dance.

### Moleskin toe pads

#### 1021 PRO

Size: S, M, L, XL

Color:

● Light Pink

This versatile toe pad features a lightweight upper and a protective lower section. The soft, moleskin-like lining conforms to your foot for superior comfort. Strategically placed air vent holes harness your natural body heat to mold the toe box of your pointe shoe. Ideal for dancers requiring additional lift to accommodate a higher crown.

#### 1022PLUSH

Size: S, M, L, XL

Color: ● Light Pink

These versatile, extra-protective toe pads offer a soft, moleskin-like lining for a glove-like fit and exceptional comfort. Strategically positioned air vent holes use your natural body heat to shape the toe box of your pointe shoe precisely. This design is perfect for dancers seeking additional padding without excessive bulk.

#### 1020 LIGHT

Size: S, M, L, XL

Color: ● Light Pink

Supportive and soft toe pads for the best possible fit and comfort. The extra-thin design allows dancers to feel the floor while preventing blisters and corns. This innovative pad is adjustable in length, just cut them down to your dancers foot.

## HOW TO CHOOSE

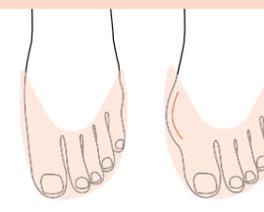

### REMEMBER!

No space should be left between the pointe shoe inserts and toes, and inserts should always cover bunions. The comfort in the box depends on correctly fitted pointe shoes and pads.

Short toes /  
No bunion

Long toes /  
Bunion

Sensitive

### COTTON-GEL TOE PADS

Covered with natural cotton, these pads are thicker than silicone alternatives and can increase the width of your pointe shoe by up to 1/2 size.

ART. 1008/1

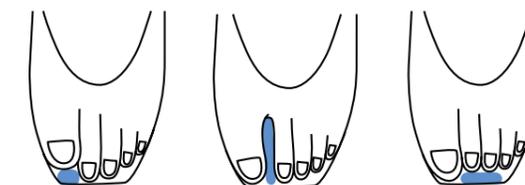

ART. 1008/2

### MINI SILICONE TOE PADS

Can be used on their own or in addition to any other pads above. Use one or two mini silicone pads to separate toes when needed, and remember they have different sizes that allow ballerinas to combine them different ways. Strongly recommended if there is large space between toes.

# HOW TO FIND YOUR RIGHT SIZE

How to measure and identify GRISHKO® pointe shoe size:

- 1) Take a piece of A4 paper and put ballerinas' foot on it, draw the contour of the foot with a pencil; the pencil should be held under an angle of 90° (perpendicularly). Draw and measure the left and right foot, as they can differ.
- 2) Measure the distance from the heel to the endpoint of the toe (in mm);
- 3) Find the result of the measurements in the table. In case the measurement in between two sizes, we recommend taking a bigger one, as pads and tights also have a certain thickness.

## How to choose the width

GRISHKO® offers pointe shoes in 7 different widths:

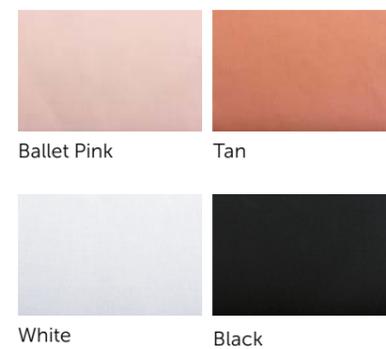

- N – for extremely narrow feet
- X – for narrow feet
- XX and XXX – for medium feet
- XXXX – for wide feet
- XXXXX-XXXXXX – for super wide feet

Measure your foot at its widest place (where the bunions are) to identify the required width the pointe shoes. Relate the result to the table data and identify your width. It is recommended to choose a width that provides a firm and painless fit. If you notice wrinkles on the fabric and gaps between the shoe and the foot, it means you need less width.

**ATTENTION:**

Size chart is provided as a reference and an approximate guide only and does not guarantee an exact or perfect fit.  
The proper fit of pointe shoes depends on individual foot shape and toe pads used by dancer.  
The recommended way to determine correct pointe shoe size is to be fitted in local shop.
